J = Junior

Note: Players with an Improvement Factor greater than 1.000 have improved.

Players with an Improvement Factor equal to 1.000 have stayed the same.

Players with an Improvement Factor less than 1.000 have gotten worse.

To be listed, a player must have an index defined for both the starting and the ending dates.

The Improvement Factor is calculated as follows:

$$((\text{Starting Index}) + 12.0)$$

Player Improvement

Lake Doster Golf Club - Men

10/12/15

Improvement over the Date Range: 04/01/15 - 10/12/15 (Season Year-to-Date)

Divided by: ((Ending Index) + 12.0) and Rounded to 3 Decimal Places.
